

Brighten a Child's Night IN YOUR COMMUNITY

HOST

Place a collection bin at work, church or in your neighborhood. (Use signage printable from our website.) Host an event with a PJ theme to add more fun.

SHOP

Shop in person or online. Old Navy often has great sales - where PJs are fun and abundant. Blanket Yarn works great for wrapping pajamas with a final message tag for gifting.

SERVE

Folding Parties are where the magic happens. After removing store tags and folding each PJ with care, blanket yarn holds your tag with a message of love to the child who will receive them. (See our folding kit label for a list of helpful supplies.)

GIVE

If you don't have a pre-selected place of need, reach out to shelters, foster care or child advocacy agencies nearby. Because of you, children in your community will enjoy a warm & cozy night knowing how very much they are loved.

PRAY

For the children and families less fortunate and for those who may be called to serve them.
